Mark is a member of the Koshari council of elders. When conducting Koshari business, he wears a Raven Mask (his power focus) and traditional garb. When not wearing the mask, his Hopi heritage is immediately recognizable. Physically, he is short and skinny. His short hair has turned grey, and a best estimate would place him at 65-70 years old.

Mark has a wicked sense of humor, and won't hesitate to make wisecracks at the expense of his contacts or his hirelings. The "mocking" aspect of Raven shines through in his personality. He speaks slowly and methodically, with a slight southwestern twang.

Jonny is a Wakagashira-hosa for the Yamato gumi. He stands at 1.6 m in height and is a slender 55 kg. He wears his black hair parted to the side, and walks with a constant swagger. His two Sliverguns are positioned in shoulder holsters, but he leaves his jacket open, making no attempt to conceal them. He appears to be in his early to mid-twenties.

Jonny is softspoken, but speaks English with a mild Japanese accent. His face wears a near constant sneer, and his attitude makes it obvious that he has no respect for *gaijin*. He doesn't really ask people to help him or cooperate with him – he orders them to.

An is the Hung Kwan for the Golden Triangle Triad. He stands at 2.5 m tall and weighs in at about 305 kg. He dresses in a lined coat, which is heavily embroidered with Wuxing symbolism. His single horn juts from the right side of head, and from the way it glistens, it's clearly been waxed recently and well maintained. It's pretty much impossible to estimate An's age.

An is a native of the Denver area, so speaks with no noticeable accent. He is extremely direct, and does his best to intimidate with his physical presence. For a master of Eastern mysticism, he is rather impatient and has a surprisingly short fuse.

Peaches is a coyote specializing in crossing the UCAS:CAS border. Her chameleon suit makes it a bit difficult to get a good look at her figure, but with the hood down, it really makes her flamingly bright orange hair stand out. (It's worn in a curly jumbled ponytail.) Judging from her face, she's just past middle-age.

Peaches speaks with a thick southern accent, and acts the part of the stereotypical Southern Belle. She'll be excruciatingly polite, and never talk about money. (That's for the lower class.) However, if the situation becomes tense, her accent will completely disappear.

Stalker is a coyote who works the CAS:Pueblo border. Stalker stands at 1.9M and masses about 130kg. Based on his cyberware, katana, and receding hairline, it's pretty obvious that he's a retired street samurai. He looks to be early middle-aged.

Stalker isn't thrilled with his work, and he really isn't happy to be saddled with smuggling a bunch of no-nothing punks across the border again. He'll have a non-stop patter of "back in my day" stories. He'll also refer to the any 'runner team he's leading through the tunnels as kids.
