Tabby is a changeling human female, 5'6" (1.7m) who weighs in at 135 lbs (62 kg). Athletic and furry are two of the first words to come to mind when describing her. She has tawny two toned fur and cat slit eyes.

With SURGE came a need to re-invent herself. On the surface, she’s playful and to the point. Underneath, is a woman who had her sense of self-identity stripped away from her by a random surge of ambient mana.

Specializing in Corporate politics, Tabby tries to avoid dealing directly with the syndicates whenever possible. She is based primarily in the CAS sector and does occasional work in the Hub or outlying sectors of Denver when a favor is called in from her associates.

Paralyzed from the waist down, Falcone has a hawk like nose and a touch of gray at his temples. In his late forties, he seems like the kind of man more comfortable in a boardroom than talking with criminals. Jaron gave up being a fixer about five years ago when he was shot by a rogue team working in retaliation against a run he had arranged. Most of his contacts are in the corporate arena due to his current business ventures, though he still remembers the name of a few fixers in the Seattle area where he did most of his shadow work.
